February 8, 2013

Dear Digital Renaissance Leadership Academy Participant:

I want to congratulate you on your successful application to be included in the inaugural Baldwin County Digital Renaissance Leadership Academy. You are one of only 300 who will have the opportunity this year to learn how to transform a classroom from the 20th century model to that of the 21st century. I am so proud of you, for you were selected for your leadership and innovative characteristics, and you are a testament of the sort of educators who have always gone that extra distance to have outstanding learning opportunities for their children. Over the next several months, you will learn so much new about technology and innovative instruction that you will be well positioned to serve as a model for others in your school.

Again, congratulations, and I will see you on February 25.

Alan T. Lee, PhD
Superintendent
